

LUXURY OF FREEDOM

HEALTHY COLORFUL- HAS MANY FORMS

02. 12. 2016

“The idea, however, is already clear: to create a campsite where well-being, comfort and nature can live together, integrating with the environment and with the territory.”

BIG BERRY is like berry fruits - healthy, colorful, has many forms, spread from seaside to the mountains in all climate zones - just as staying in our mobile homes. “BIG” means space, big story and also globally scalable business model, and “BERRY” as healthiest fruit represents proximity to nature and idea of modularity. BIG BERRY brand therefore symbolizes natural and healthy lifestyle faced towards outdoor opportunities while preserving the natural environment.
