LUXURY OF FREEDOM

BIG BERRY team took journalist and camp guests to [Oliarna Pečarič](#) to try out all of 100% pure natural oils that they produce under cold press. We have tried all 20 of them starting with walnut then hazelnut, grapes, apricot, flex, sesame, milk thistle, hip....

We were all attracted to the most expensive one, of course...due to shiny orange color and full taste. The second in the row was their walnut oil which received certificate of quality for 2016 year in Ptuj, Slovenia on 22nd of May.
