### #EVENT 1

Silent day in BIG BERRY Lifestyle Resort

23.05.2016

Participants: Kristina Birovljević, Alberto Sanchez, Ana Iskra, Thuy Hang, Anja Zeun, Vita Polančec & Natasha Vavilina from [BIG BERRY](#)

Rules of the game:

Nobody from BIG BERRY team should have spoken among each other the whole day from 8:00 until 00:00. Grand punishment was to clean terraces of our [mobile houses](#) which had few hard nights days before. Each person had his head on the hanger and the body parts were just waiting to be attached if the person speaks a word. Only animal sounds and laughter were allowed so that is why we needed to rely on other medias of communication such as writing on BIG BERRY whiteboard, paper, laptops and mostly our [mobile phones](#). We managed to go through the day with laughter, mime, texting and writing! Well...more or less. There had to be a chatter to hang and it was the inventor of the game. See how our day passed...
