

#Thirddegustationevenmalnarič

BIG BERRY made third visit, as a team, to Vinogradništvo Malnarič. Samoel who is the father of queen(Victoria) and kings (Alexander, Samuel) father welcomed us and started to show his domestic wines. Malnarič wine is completely produced by domestic grapes of Slovenia and thus, when we degusted examples, felt Slovenian's soft, clean, friendly nature. We started with called Rosa Wine. Rosa Wine has different fermentation than white, red wines. Samoel who is the father of queen (his daughter is Victoria) and kings (his sons are Alexander, Samoel) explained and showed all process of wine making. Second wine that we degusted was sweet Muscat. This wine is more suitable to drink like a dessert after dinner. However, **BIG BERRY** team took it before dinner because there is no meal time for us, we always hunger. Our last wine was Belo Krajinec that is Samuel's favorite and best rated by customer for the company. Beside **BIG BERRY** team, our blogger visitor named Natasha ([Thebohochica](#)) and Marcela ([Fotostrasse](#)) joined us during the degustation.
